PROFILE

Designer with 15+ years of experience across UI/UX, graphic design, branding, and print. Over the past 8 years, I served as the sole designer at Future Forward, working on everything from SaaS platforms and mobile applications to websites, visual identities, publications, brochures, presentations, and marketing materials. I am fully comfortable moving between product design, visual communication, and business requirements, with a lot of experience in collaborating directly with development teams, clients and stakeholders.

EXPERIENCE

SENIOR UI/UX & GRAPHIC DESIGNER

Future Forward, Niš, Serbia | 2018 – 2026

- Sole designer responsible for the design of company products and client projects, supporting multiple project teams across the organization.
- Led design efforts across two in-house SaaS platforms – Digital Reception (digitalreception.app) and Castit (castitsignage.com).
- Designed wireframes, prototypes, user interfaces, design systems, branding assets, iconography, and marketing materials.
- Worked on multiple external client projects ranging from websites and mobile applications to enterprise web platforms, including a large-scale healthcare platform and an enterprise precious metals trading platform.
- Balanced long-term ownership of in-house SaaS products with the delivery of external client projects across multiple industries.
- Collaborated closely with clients, developers, project managers, and leadership teams throughout the design and delivery process.

EDUCATION

- Faculty of Sciences and Mathematics, University of Niš, Informatics (1999–2003)
Completed two years of study
- “Bora Stanković” High School, Niš, Mathematics Department (1995–1999)

- Served as the primary design point of contact across internal teams and external projects.
- Created branding, presentations, brochures, templates, social media assets, and other visual communication materials when required.

FREELANCE UI/UX & GRAPHIC DESIGNER

Upwork | 2015 – 2017

- Completed 50+ projects for international clients, primarily focused on book, magazine, brochure, and publication design.
- Maintained a consistent 4.9+ client satisfaction rating and achieved Top Rated status.
- Built long-term relationships with returning clients through reliability, quality, and clear communication.
- Managed projects from initial client discussions and requirements gathering to final production-ready delivery.
- Designed publications, marketing materials, visual identities, and print assets for clients across various industries.

FREELANCE GRAPHIC DESIGNER 2008 – 2015

- Provided graphic design services for businesses, organizations, and individual clients.
- Designed visual identities, publications, brochures, catalogs, posters, flyers, packaging, and marketing materials.
- Prepared artwork for offset and digital printing, including prepress and production-ready files.
- Worked directly with clients to develop visual solutions aligned with business and communication goals.
- Built a strong foundation in typography, layout design, branding, and visual communication.
