- Adobe InDesign
- Adobe After Effects
- Figma
- Framer
- Fusion 360

COLLABORATION & PROJECT MANAGEMENT

- Jira
- ActiveCollab

PROFILE

UI/UX and graphic designer with 15+ years of experience.

I design software products and everything around them: the screens, the back office nobody sees, the logo, the website and the brochure that sells them. For the last eight years I was the only designer at Future Forward, working with developers, product and sales on two SaaS platforms – Castit and Digital Reception – and on client work from a fuel network's driver portal to a health insurance app. Books, catalogues and print alongside, prepress included.

EXPERIENCE

SENIOR UI/UX & GRAPHIC DESIGNER

Future Forward, Niš, Serbia | 2018–2026

- Castit, cloud digital signage (2019–2026): UI and UX, information architecture, component library, icon design, feature design and developer handoff. Proposed and designed the 2023 redesign.
- Digital Reception, a self-service reception kiosk (2023–2026): UI and UX from the first sketch, and the logo.
- GuideLites, the company behind both: logo, brand system and the complete B2B website, plus presentations, brochures and social media templates for the products.
- Client work: Q8 – a driver portal and back office for a fuel network; a health insurance app (NDA); Fazi dashboard – a CMS for casino screens; Allport – freight booking on a phone, built on CargoWise; Zorgmap – a home-care reporting tool; Skills Navigator – an EU-funded skills platform, with its brand and print; Blijddorp Zoo – a touchscreen game on IUCN Red List data, and more.
- Worked day to day with developers, project managers, the CTO, sales and marketing, and was in the room when features were scoped.

EDUCATION

- Faculty of Sciences and Mathematics, University of Niš, Mathematics and Computer Science (1999–2003)
Completed two years of study
- “Bora Stanković” High School, Niš, Mathematics Department (1995–1999)

EARLIER ROLES

- Bookstore Manager
Mladinska knjiga, Niš and Kragujevac (2011–2016)
- System Administrator
Feniks BB, Niš (2007–2011)
- Technical Secretary
Committee for Civic Initiative, Niš (2003–2007)

AWARDS

- Svetosavski pečat – Best Designed Book, 13th Svetosavski Book Fair, Niš (2017)

LANGUAGES

- English – full professional
- Serbian – native
- French – basic

- The design point of contact for internal teams and external clients.

FREELANCE GRAPHIC DESIGNER

Upwork | 2016–2018, part-time to 2022

- Books, catalogues, reports, brochures and brands for international clients – 50+ projects, a 4.9+ rating and Top Rated status.
- Central Bank of Nigeria – the bank’s whole publishing programme: 20+ templates for its reports and publications, built inside its brand guidelines.
- Around twenty business books for one client, covers and interiors – among them LinkedIn for the Savvy Executive, whose design the client later used to rebrand the business.
- Levon – a 90-page homeware catalogue: 130 products made findable through a colour-and-number tab system.
- Paddock Akers – a monogram, an investor brochure and, four years later, the responsive website for a New Zealand property developer.
- From 2018 alongside Future Forward, mostly for clients who kept coming back.

FREELANCE GRAPHIC DESIGNER

Alongside employment | 2004–2023

- Books for authors, publishers and faculties, through personal contacts – among them a 286-page sports science book, a 242-page academic monograph and a 289-page textbook set in Cyrillic.
- Basically Bass – a bass guitar primer in two editions; the Serbian edition won the Svetosavski pečat for best designed book in 2017. Two more books for the same author followed.
- Visual identities, brochures, catalogues, posters, flyers and packaging for local businesses and organisations.
- Artwork for offset and digital printing, pre-press and production-ready files included.
